NEW CHAKRATA TOWNSHIP PROPOSED : DHAMI

The Chief Minister Dharam Singh said the new Chakrata Township would be developed from Purori-Naghat-Lakhwar to Yamuna River. For this, an amount of Rs 2 crore has been announced in the past to be released to the Town Planning Department. The Chief Minister said that the "New Chakrata Township" would be developed on the land adjoining the Chakrata-Mussoorie Highway to preserve the traditional identity and cultural heritage of the villages around the township. He added that the boundaries of the township would be kept separated from the populated area of these villages, so that the traditional culture and traditions of the village could be maintained. The development of this township would not only give a boost to the tourism industry, here, but industrial areas would also be developed keeping in view the climatic and geographical conditions of the area. This would not only generate employment for the local youth but also provide them many self employment opportunities.

COVID IS RISING AGAIN AFTER CHANGING FORM, REMAIN ALERT: SHAH

Union Home Minister Amit Shah on Wednesday said the corona virus pandemic cannot be controlled until the masses become aware and follow the guidelines issued by the government. He also appealed to those in 15-18 age group to get themselves vaccinated at the earliest when their turn begins from January 3. "Corona Virus is once again rising after changing form. This time, all of us, be in municipal corporations, municipalities, district panchayats or state government, will have to remain alert," The Union home minister said. He said the government is taking stock of the situation at various levels through regular meetings with officials from the local administration. "But until the masses become aware and follow coronavirus guidelines issued by the state government, we will not be able to control its spread. Everybody will have to work together to defeat it. Those whose second dose is due must get it at the earliest," Shah said. Vaccination is the only way to protect against corona virus.

REVIEWS

★★★★★

I am a retired Govt. officer residing in Rajendra Nagar. A very close friend of mine recommended that I should get my health checkup done at Nivaran pathology lab because they have state of the art machines and best practices. I signed for a blood test to measure all the necessary parameters. They carried out the test very comfortably. When the report came, they pointed out that my blood calcium level was very high. It was a thing which had gone unnoticed by myself and even by family doctors in the past. The Dr. (the best doctor I now know) insisted that I should get my calcium level checked again free of cost. The result came out and he was shocked to find the calcium level really high. In order to establish efficiency and accuracy of the whole process, he carried out the calcium test of himself too for which the results were fine. He made us rush to my family doctor because the high calcium levels in the blood are dangerous. An he was right, my family doctor referred me to some expert endocrinologists and I had to undergo an urgent surgery to remove the abnormally working parathyroid gland. Post surgery, I got rid of my health problems and all thanks to Dr. for his timely advice and help. God bless him and his family and I highly recommend Nivaran Pathology Lab to the people of Dehradun. Thanks and Regards - RAKESH KUMAR SANGAL
