WHAT'S UP THIS WEEK

HARISH RAWAT IS ANGRY WITH HIGH COMMAND!

Within a week of Rahul Gandhi's public meeting in Parade Ground, Dehradun which was managed by Uttarakhand's AICC incharge Devendra Yadav, former Chief Minister Harish Rawat on Wednesday spelt trouble for the party when he posted a series of cryptic tweets baring his anxiety at the state of affairs in the organisation. In a veiled references to the Gandhis, Rawat said he had had enough and sought divine guidance out of the situation, "I have to swim in the sea of elections and the party organisation instead of supporting me is turning it back on me and playing a negative role in most places," Rawat said the powers that be in the organisation had unleashed crocodiles in the ocean he was expected to cross. Representatives of the people on whose orders I have to swim across this sea of elections have tied my hands and feet. A thought is repeatedly occurring to me- Harish Rawat, you have had enough, it is time to rest."

Justice Sanjaya Kumar Mishra was appointed as the acting chief justice of the Uttarakhand high court on Wednesday. A notification issued by the Department of Justice in the Law Ministry said Justice Mishra, the senior-most judge of the Uttarakhand HC, will be the acting chief justice with effect from December 24 consequent upon the retirement of Chief Justice Raghavendra Singh Chauhan. Justice Chauhan demits office on Thursday on the eve of turning 62- the retirement age for high court judges.

DOON HOSPITAL PREPARING COVID WAR ROOM

In light of the Omicron threat and increase in the number of Covid cases globally, the Dehradun Government Medical College is once again preparing a war room as a precautionary measure. "A decision was taken to once again reactivate the war room. It will help to make prompt decisions in case the situation worsens. We are prepared to handle a third wave if it comes," said Dr KC Pant, chief medical superintendent, Doon hospital. The Pandemic had earlier witnessed a severe shortage of oxygen at the establishment. But officials have claimed that such a situation will not arise again. "We have three fully functional oxygen generating plants here now, two of which were installed by DRDO. There is a plenty of oxygen supply and shortage will not be an issue this time around," added Dr. Pant
